

MAP OF RENEWABLE HYDROGEN PROJECTS IDENTIFIED IN BRITTANY

Among the highlights of this identification of project opportunities and realisations:

- **EMERGING RENEWABLE HYDROGEN ECOSYSTEMS**, concerning mobility, maritime and fluvial, production, storage.
- **INNOVATIVE INDUSTRIAL PROJECTS** (for biomethane in particular).
- **A PRODUCTION MIX IN PROGRESS.**

➔ The projects approved by the SMILE association (June 2020) can be found online on the smile-smartgrids.fr website, in the projects section.
